I did receive the summons. I am in the process of getting all the documents pertaining to this case. I will have the mail it to you. My goal is to mail it to you by Friday morning.

Thanks,  
Annie

Hey Annie.

Let's plan on Tuesday if that day works for you. I would have liked on Friday, but I have a motion to Suppress.

In the meantime is it possible for you to get me the discovery request that I faxed you?

Did you get the summons?

Thanks for your help Annie. I hope all is well.

Hi,

I got your fax and your message. I have informed my Supervisor and we have to sit down and go over everything. I will let you know by Wednesday. I am heading to Suffolk Superior today and hopefully I will be back early enough so can speak with Chuck.

I will be in touch.

-Annie

Hi,

How are you? I was hoping that the defendant would have stipulated. I will be in on Monday - Thursday. I have meetings on Monday, but rest of the week should be fine. I will consult with my Supervisor about rep. sample. Some of the Chemists have testified about rep. sample and I will try to get their input too.

I would be testifying in this case, just send a subpoena. If you need the Mass Spec data and other chain of custody notes, you would need to send me a fax requesting all the notes pertaining to this case. Anyways, I just got the fax and I am reviewing the notes. I have just faxed over a copy of my notes.

The first page is the Drug Powder Analysis Form describing the sample, gross weight, prelim test performed and results.

The second page is the 10pb analyzed with gross wt and net wt of each individual bag. On the bottom are the calculations for determining the Estimated Net Wt by adding the net wt of all 10 pbs. By using the Net Wt, the mean of the 10pbs is 0.64g

The third page is in house multiple calculation sheet. This sheet should answer most of the calculation questions, (hopefully). It gives the mean, std dev and high and low confidence limit based on the 10pbs analyzed.

Hopefully, this is not too confusing. Talk to you soon.

Thanks,  
Annie

Hey Annie.

I don't know if you had a chance to listen to my voicemail, but I was hoping that you could send me over a copy of your lab notes on this case in the interim. I also will be needing a chemist to testify for this case that is scheduled for trial 6-25-09.

The issue that is being contested by the defense will be the use of representative samples in this case was not in accordance to scientific methods. I have a copy of the defense expert's report that I will need for you to look over so we can go over it.

My questions is whether you have testified as an expert on the issue of using rep samples and why the procedure is implemented?

Or if you haven't, is there another chemist that has that you know of?

I would prefer having you testify on this case.

Can you let me know when you have a chance?

I will fax over the report and documents so you can take a look at them.

Thank you very much, and I will be talking to you sometime this week.

Thanks!

Hi Annie!

I'm sorry I haven't gotten back to you! I've been swamped, and I'm getting ready for a trafficking trial that is scheduled for this Wednesday. I will definitely be in touch with you soon.

Sorry,

And thank you VERY much for your willingness to help out!

Hey!

Very nice talking to you today. Thank you for your time, I really appreciate it. Is it ok if I call you Annie?

When you get through the trial stuff this week, let me know how your schedule is going to be so we can go over everything together.

In the meantime, if you have a chance, I wanted to give you their expert's information:

David Benjamin, Phd,

[www.doctorbenjamin.com](http://www.doctorbenjamin.com)

In the following weeks, I will send you some information about what he is planning on saying and what he is basing his opinion on. That way, we can find ways to rebut his opinions. I will be filing a discovery motion in order for me to obtain some of that information.

Talk to you soon,

Thanks again!

Subject: CASE: [REDACTED]

Hello Ms. Saunders,

I also wanted to send this email to Annie Dookhan, but I know that she goes by her married last name, unfortunately, I do not remember what it is. Please forward this email to her as well.

The testing for the narcotics for the above-referenced case was conducted by you and Annie. Defense counsel has filed a motion to exclude the drug certs from being entered, or at the very least, making it an issue for trial that the method of obtaining the total weight of the narcotics by using a representative sample is not scientifically reliable. He is also planning on arguing that issue to the jury.

In short, I will need a chemist to testify for trial on this case. When you receive this email, please contact me, or have someone contact me so I can go over in detail what I need for trial, and in the interim, what I will need to file with the court.

Thank you for your time, and I look forward to hearing from you soon.
